

MANIA KNOX

THE LADY WITH THE IRON JAW
SIDESHOW ARTIST
FIRE PERFORMER
AERIALIST
CLOWN

Mania Knox creates daring and unforgettable performances for festivals, events, and private shows. She combines aerial stunts, jaw-suspension, fire, vintage inspired sideshow acts, and immersive theatrical numbers into experiences that surprise, entertain, and captivate audiences.

Mania Knox creates three distinct performance energies:

- The Lady with the Iron Jaw : Fearless, vintage sideshow, aerial, and jaw-suspension spectacle.
- The Dark Feminine : Raw, chaotic, punk-inspired, dark aerial and freakshow performance.
- Kookie Krumblyz : Playful, chaotic, and whimsical acts rooted in inner-child energy.

bed of nails

FLOW AND FIRE

staff
poi / snake
pyro fans
bubbles
wings
skirt
fabric

SWING AND CHARLESTON

SINGER

HIRE MANIA KNOX

GENERAL INFORMATION I NEED TO SUBMIT A QUOTE

- Where and When ?
- Who is your audience ?
- Do you prefer a roaming performance (ambient animation) or a staged show?
- What kind of event it is ? Public, Private, Festival, corporate, commercial ?
- How long do you want the performance / show / number to be ?
- Do you have a preferred number, esthetic or theme for your event ? Which of the persona spoke to you !
- Do you want your time to be broke down in multiple small show or one big show ?
- What kind of music system will be available on site ?

AERIAL PERFORMANCE

- Is there a secure aerial rigging point available ? ****If not, it is possible to rent a portable rigging point ! *Additional fees***
- What type of rigging point does your venue possess ? (fixed point or pulley system)
- What is the height of the ceiling or rigging in place? **For aerial with rigger, I normally provide my own rigger, which require a special training for Iron Jaw.*

FIRE PERFORMANCE

For All Fire performances, a permit is mandatory and a delay of minimum 30 days is required.

A safety zone must be put in place and 15ft must separate the public and the performer.

I provide all safety equipment, a person to ensure my safety during my performances, fuel and all the equipment for my acts.

FOR CUSTOM SHOWS AND ADD-ONS : *ADDITIONAL FEES*

Custom options may include:

- Themed performances tailored to your event
- Costume adaptations (LED, fire, wings, dramatic visuals)
- Unique apparatus (chains, iron jaw, specialty props)
- Specialize props

If you have a vision, I can design a performance specifically for your space and audience.

Prices : My rates reflect the technical difficulty, risk, and uniqueness of each performance. Rare specialty acts such as Iron Jaw involve a high level of danger and expertise, and are valued accordingly.

Pricing may vary depending on add-ons, specialized technical needs, rigging requirements (including professional rigger) and fire safety support.

AERIAL RIG LOCATION FOR A MANIA KNOX SHOW!

For venues without existing aerial rigging points, Mania Knox can provide a freestanding A-frame rig (X-POLE). This allows for safe and efficient aerial performances without relying on ceiling infrastructure.

Technical Specifications

Rig Type: X-POLE A-Frame (freestanding aerial rig)

- Adjustable height: 7.4 ft → 11.4 ft
 - Footprint: Minimum: ~6.8 ft × 5.6 ft (~ 38 sq ft)
 - Standard: ~7.5 ft × 6.5 ft (~ 50 sq ft)
 - Optimal: ~9 ft × 8 ft (~ 70 sq ft)
 - Full: ~10.5 ft × 9 ft (~ 95 sq ft)

Venue Requirements

To ensure safety and proper installation, the following conditions must be met:

- Flat, level surface (mandatory) Concrete, stage, or solid ground preferred
- No uneven terrain or soft flooring without prior discussion
- Clearance: Minimum 1 m (3 ft) clearance around the rig during performance
- No overhead obstacles (lighting, beams, décor)
- Outdoor Use: Weather must be suitable (no high winds or severe conditions)
- Ground must be stable (no sand, mud, or loose gravel unless approved)

Setup Time:

- Approx. 15 - 30 minutes

Dismantle Time:

- Approx. 5 - 15 minutes
